Message from the Scientific Program Committee Chairman

On behalf of the Scientific Program Committee, I invite you to join us at 5th Asian-Oceanian Congress of Neuroradiology and Head & Neck Radiology (AOCNHNR) to be held in October 2004 in Shanghai, China.

The AOSNHNR is a society with a membership of nearly 500 dedicated to the neuroradiology and head & neck radiology within Asian and Oceanian area. Our meeting this time will build on the successful frameworks of previous meeting in Seoul, Korea, and it benefits from being held in the friendly city of Shanghai, China.

The scientific component includes the plenary talks, poster and scientific sessions, as well as both clinical and basis science focus sessions. There will be the usual comprehensive coverage of all areas of neuroradiology and head & neck radiology.

The Shanghai meeting will also provide an opportunity for the Society to expand its use of electronic technologies, and we hope you will enjoy and benefit from these. The AOSNHNR staff is working hard behind the scenes, and we should like to thank them for their tremendous expertise in the planning and operation of the meeting.

We look forward to your contributions and invite you to join us and enjoy the meeting in Shanghai.
